

## STUDIOLINE Lamps

Compact fluorescent lamps for SSTV

### Areas of application

- Film shooting
- Matched to use with electronic cameras

### Product family benefits

- Can be used with halogen or HMI lamps without any problems

### Product family features

- Special phosphor combination

## Product family datasheet

### Technical data

| Product description    | Electrical data | Photometrical data    |               |                   | Dimensions & weight | Lifespan             | Additional product data     |
|------------------------|-----------------|-----------------------|---------------|-------------------|---------------------|----------------------|-----------------------------|
|                        | Nominal voltage | Nominal luminous flux | Luminous flux | Color temperature | Length              | Lifespan             | Base (standard designation) |
| STUDIOLINE 55 W/3200 K | 100 V           | 3800 lm               | 3800 lm       | 3200 K            | 535.9 mm            | 8000 h <sup>1)</sup> | 2G11                        |
| STUDIOLINE 55 W/5600 K | 100 V           | 3800 lm               | 3800 lm       | 5600 K            | 535.9 mm            | 8000 h <sup>1)</sup> | 2G11                        |

| Product description    | Capabilities               |                  | Certificates & standards | Country specific categorizations |
|------------------------|----------------------------|------------------|--------------------------|----------------------------------|
|                        | Dimmable                   | Burning position | EEL – Energy Label       | ANSI code                        |
| STUDIOLINE 55 W/3200 K | Only with specific dimmers | Other            | B                        | Other                            |
| STUDIOLINE 55 W/5600 K | Only with specific dimmers | Other            | B                        | Other                            |

<sup>1)</sup> Failure rate 2 % the first 8000 h. This statement must be restricted only to attributable lamp faults.
