Product family datasheet

COOL BLUE INTENSE

Bluish-white light for xenon look

Xenon look
Bluish-white light for stylish xenon look

Up to 4,200 Kelvin
High contrast and brilliantly blue light for most stylish and modern look on the road

Up to 20% more light
For better visibility and shorter reaction times compared to standard halogen lamps

The bluish-white light with up to 4,200 K

Discover COOL BLUE INTENSE - high-tech halogen lamps, almost in the league of xenon lamps. With its powerful and bright bluish-white light up to 4,200 Kelvin, whose cool beam makes it look very like a xenon lamp, it gives real design fans their money's worth. The automotive lamp also provides a high-contrast light similar to daylight, which makes it easier on the eyes than the light from standard lamps. In comparison to standard halogen lamps, the OSRAM COOL BLUE INTENSE range is up to 20% more brightness! The modern design with silver cap (H4/H7/H11/HB4) is ideal for use in clear-glass headlights. That gives your car a stylish look.
