Professional LED inspection light

1,400 lm

Powerful 1,400 lumen light output to ensure total illumination of your working area

Equipped with 168 high-power, long-lasting LEDs

More light output for fatigue-free working

Extra long cable

Power supply via 5 m cable

This powerful bonnet will illuminate any engine compartment

With the LEDinspect PRO BONNET 1400, you have a professional inspection light in ultra-thin and robust design. Due to long-lasting high intensity LEDs, the luminaire provides a powerful LED light output with up to 1,400 lumen. It can be used free-handed thanks to rotatable hook and extendable telescopic holder. OSRAM provides a 3 year guarantee for this inspection luminaire.
