

XENARC COOL BLUE ADVANCE

Mega white light for off-road use

Xenon mega white

Mega white light due to a special filling system used instead of conventional coating

Up to 6,000 K

High contrast and most stylish look on the road

Enhanced brightness

For better visibility and shorter reaction times compared to standard xenon lamps

The mega white xenon light with up to 6,000 K

XENARC COOL BLUE ADVANCE convinces with mega white xenon light and high color temperatures of up to 6,000 K. This is due to a special filling system instead of conventional coating. These products do not have ECE approval. This means they must not be used on public roads. Please note: Use on public roads leads to cancellation of operating license and loss of insurance coverage. Not for sale in Germany.
