OSRAM

LEDriving SMART CANBUS (OFFROAD)

Accessories for LED retrofit Lamps

Error message free
Bypasses the vehicle's error
detection

Robust and resistant
No disturbing flickering in
the headlamp

3-year OSRAM Guarantee2)
Systematic quality assurance measures underpin the premium workmanship and functionality of our products. Innovative technology and excellent quality really pay dividends for our customers.

DuopackTwo Canbus in one box

Convert from halogen to LED with original OSRAM accessories

Some vehicles report a fault in the exterior lighting when LED lamps are used. With the OSRAM LEDriving Smart Canbus series, potential error messages in the on-board system are avoided. These error messages can occur when converting to LED lamps, as these have a lower current consumption than, for example, halogen lamps and therefore the vehicle's existing fault detection mechanism will be activated. Only the combination of OSRAM LED lamps in conjunction with the official OSRAM accessories - LEDriving ADAPTER, LEDriving SMART CANBUS, LEDriving CAPs and LEDriving ERROR CANCELER is approved for the operation of our LED lamps.Details, in particular on the combination of OSRAM accessories and the street-legal1) NIGHT BREAKER LED and TRUCKSTAR LED lamps, can be found on the respective product pages under: NIGHT BREAKER LED Kompatibilitätslisten | Automotive (osram.de) or Automotive | **OSRAM** Automotive

Technical data

	Product information		Electrical data	Lifespan		Capabilities
Product description	Order reference	Application (Category and Product specific)	Nominal wattage	Lifespan B3	Lifespan Tc	Technology
LEDriving Canbus Control LEDSC01	LEDSC01	Accessories for LED retrofits	12.00 W	2500 h	2500 h	LED accessories

	Environmental information Information according Art. 33 of EU Regulation (EC) 1907/2006 (REACh)
