

LEDsBIKE COMPACT 50 SET

Up to 50 Lux

The powerful LED technology provides powerful illumination of up to 75 meters

Battery life up to 14 hours (front and rear light)

Ideal for long bike rides or commutes without having to worry about recharging

Individual lightadjustment

Lighting modes: High (100 %), Low (50 %) and Eco (25 %)

Compact power for every ride

The LEDsBIKE COMPACT 50 SET lights up your ride with powerful illumination—offering up to 50 lux brightness and a light beam of up to 75 meters for enhanced visibility and safety on the road.

Adaptable lighting for every situation:

The front light offers three brightness levels: High (100 %), Low (50 %) and Eco (25 %) – so you can choose the right setting for your ride.

Long-lasting power, easy charging:

With a battery life of up to 14 hours, it is ideal for long journeys or commutes without having to worry about recharging. The included USB-C cable ensures convenient charging, while the battery and charging indicator keeps you informed at all times. The front light fully charges in 3 hours. The rear light only takes 2 hours to charge.

Compact, durable, and weather-resistant:

The compact, lightweight design features a durable black ABS housing with a transparent acrylic lens. Thanks to the Garmin-compatible mounting bracket, it fits handlebars from 22.2 mm to 35 mm securely and effortlessly. Certified according to German StVZO and with IP54 protection, it resists rain, splashes, and dust – keeping you visible in all weather conditions. Backed by a 2-year OSRAM guarantee¹⁾, it's the ideal choice for cyclists who value safety, quality, and worry-free commuting.
