# **OSRAM**

# LEDriving HL BRIGHT H4/H19

Up to +300% more brightness

More light allows to see

farther and therefore react

sooner. Signs, obstacles and

hazards can be recognized sooner. Compared to minimum ECE R112, for H7/H18 & H4/H19

Very compact LED replacement for conventional H4/H19 high and low beam lamps

Reduced glaring thanks to an optimized light distribution

Cool White color temperature of 6,000 K

Better visibility thanks to daylight effect

4 year OSRAM guarantee

For precise conditions, please refer to www.osram.com/amquarantee

High-performing LED retrofit lamp providing improved visibility and a stylish look

With up to +300% more brightness (compared to ECE R112, for H7/H18 & H4/H19), the OSRAM LEDriving HL BRIGHT retrofit lamp ensures optimum visibility and thus allowing drivers to recognize signs, obstacles and hazards sooner than conventional lamps. This LED retrofit lamp not only creates a stylish modern look with a cool white color temperature of 6,000K but also offers reduced glaring thanks to an optimized light distribution. Premium OSRAM quality and LED technology grant up to 5 times more lifetime (compared to ECE R112) and better visibility thanks to daylight effect. The pair of lamps comes with a 4-year OSRAM guarantee. For precise guarantee conditions please refer to www.osram.com/am-guarantee.

The LEDriving HL BRIGHT high and low beam lamps by OSRAM replace conventional halogen lamps and are 12V compatible. With the latest LED technology and very compact design, these lamps allow a high compatibility and an easy installation for cars with the respective halogen lamp types. These products do not have ECE approval and must not be used on public roads in any exterior application. Public roads use leads to cancellation of operating license
